LOCATION: _____

DATE: _____

WEATHER: _____

COUNTED BY: _____

COUNTER S/N: _____

NOTES

- Check approaches being counted.
- Mark your count location using a filled circle.
- Indicate the count board's orientation with an arrow.
- Provide complete road/street names of the approaches being counted.
- Mark the location of at least one landmark (e.g. business name, luminaire, tree, monument, etc.)
- Use the following two pages to describe any count anomalies, observations or general comments that you believe should be made known to the count supervisor.
